SEE REVERSE SIDE FOR INFORMATION ABOUT RISKS AND RESPONSIBILITIES

Risks and Responsibilities

There are risks and dangers in bushwalking and other Club activities.

Participation in a Club activity is entirely voluntary. Therefore all participants are responsible for their own safety, and must personally accept the risks of injury, illness or death and of damage to any property which may result from their participation. It is strongly recommended that participants have Personal Accident Insurance cover and Ambulance Service membership. A personal first aid kit and protective clothing (according to the season) are essential for every Club activity.

Leaders have the authority to take all necessary steps to ensure the safety of their party. All members of a party must respect that authority. You must not separate yourself from a party without first getting the consent of the leader.

Through Bushwalking Victoria the Club has Public Liability and Personal Accident Insurance for its Members and Visitors who complete and sign an Acknowledgement of Risks and Obligations. Visitors are required to complete and sign an "Acknowledgement of Risks and Obligations by Non-Members" form before participating in any Club activity.
